# AFTERSCHOOL PROGRAM IMPROVEMENT PLANS

Massachusetts Afterschool Partnership (MAP) works with afterschool program providers to improve program quality and support sustainability within the programs. MAP can support your program by:

- Conducting a Strengths, Weaknesses, Opportunities and Threats (SWOT) Analysis of your afterschool program and follow up report
- Developing recommendations to enhance the program based upon the SWOT Analysis, and create an implementation schedule
- Providing recommendations for quality curriculum and activities and evidence-based evaluation tools for students and programs
- Creating a professional development plan and schedule for staff
- Training staff in facilitate reflective practice to gather information on strengths and areas for improvement
- Training staff in creating SMART Goals and assisting them in devising action plans
- Providing onsite and/or remote support for staff while implementing strategic plans, especially the implementation of curriculum and evaluation

**If you are interested in working with MAP to create a program-improvement plan, contact
